Recent positions include:

Trainmaster, Chicago Union Station District, NIRCRC (Metra)

About

During my time at DePaul, I had the opportunity to intern at Metra. After my internship, I accepted a position in the Labor Relations Department. In 2019, I was promoted to Trainmaster and I went from working in Administration to Operations. When I am not at

work, I enjoy spending time with my son, Hunter, and my husband, Kyle, along with competing in several venues with my two German Shorthaired Pointers.

Notable memory

In my time at Chaddick, I enjoyed the trips to Grand Rapids, Detroit, and Indianapolis where we learned about planning in these cities. On our trip to Grand Rapids, we even got to ride on a training bus before its BRT "light" was operational.
