Economic Development Planner, City of Independence

About

After graduation, I spent 3 years working for the Geauga Park District as a Park Planner where I worked on projects ranging from park master planning and design development to ecological restoration. Then, I joined the City of Independence as their Economic Development Planner, where I worked on business

retention and expansion efforts as well as city and site planning. Outside of work, I enjoy traveling and exploring new destinations.

Notable memory

I really enjoyed all of the site visits and tours because I was new to Chicago, and they allowed me to see so much more of the city and neighborhoods than I otherwise would have had the chance to on my own.
