

## Gary Scott

### **Hometown**

Chicago, Illinois

### **Recent positions include:**

Senior Project Manager, Pace Transit

### **About**

After graduating from DePaul, I finished working at the Congress for New Urbanism and took a job with Pace Suburban Bus, where I currently work, managing two counties of paratransit service and a regional call center. I am also a member of the Congress for the New Urbanism's board of directors, the Chair of CNU

Illinois, and I am involved in a variety of planning-related activities both locally and nationally. In my spare time, I love exploring Chicago, spending time with family and friends, and showing off the great urbanism we have here!

### **Notable memory**

I spent time with Chaddick learning that I loved urbanism and the built environment. Joe made the program amazing, and I can't imagine my life without it.
