

Martina Stanley

Hometown

Atlanta, GA

Recent positions include:

Sr. FP&A Analysis, CDC Foundation

About

After graduation, I have worked in public sector financial management at various organizations (UChicago, Emory University, St. Jude, Emory Healthcare). In my spare time, I enjoy spending time with family, learning about coffee, and traveling.

Notable memory

My favorite times as a student of Dr. Schwieterman and as a Chaddick Scholar were the walks and neighborhood tours. I had the opportunity to tour Detroit, Pulman, Gary, and Brazil. I am deeply interested in studying housing, poverty, gentrification, and race, and Dr. Schwieterman led us into neighborhoods and organized talks with community members and leaders that I wouldn't have otherwise had the opportunity to meet.
