

Matthew Lange

Hometown

Pendleton, Oregon

Recent positions include:

Transportation Program Specialist, Federal Transit Administration

About

Since graduating from DePaul, I have worked for the Federal Transit Administration, first promoting transit systems within the Great Lakes region, and now managing the Formula Grants for Rural Areas Program. In my spare time, you might find me

running along the lakefront or playing cribbage.

Notable memory

The Chaddick "field trips" where we visited neighboring municipalities and hidden corners of Chicago were a great way to see local policy in action and get to know my fellow classmates.
