

Nora Beamish-Lennon

Hometown Chicago,

Illinois

Recent positions include:

Executive Assistant, Alliance for the Great Lakes

About

After graduation, I spent another six months with Rotary International where I was employed throughout my time at DePaul. In January of 2022, I made a long desired move into the environmental sector joining the Alliance for the Great Lakes as their Executive Assistant. I spend much of my spare time running or walking the lakefront trail with my partner and our

recently adopted dog. I feel privileged to work alongside dedicated staff and volunteers dedicated to protecting and preserving this amazing natural resource.

Notable memory

Attending the Scholars trip to Milwaukee, Wisconsin and getting to visit the Water Council's offices. I've spent my entire life in the Great Lakes region, but that experience really hit home just how unique the lakes are and how integral to the vitality of our region.
