Live bands and musicians with performances of their own versions of Sgt. Pepper songs

On June 1, 1967, the Beatles released *Sgt. Pepper's Lonely Hearts Club Band*, an album that irrevocably changed music, art, and culture. On the fiftieth anniversary of that date, we invite you to celebrate *Sgt. Pepper's* golden anniversary with lectures and live performances. Ranging from talks that cover the way in which "Pepperism" influenced other bands and albums, to the meaning of the album from a feminist, historical, and musicological perspective, the lectures will also be accompanied by several live performances of award-winning musicians offering their contemporary interpretations of songs from the album.
