FALL QUARTER HIGHLIGHT THE INTERVIEW PROJECT

The project aimed to provide a glimpse of our program and know more about our Professors and student. Read page 2 for more details!

PROGRAM UPDATE FOLLOW US

We are committed to connecting you to the Asian world by providing more up-to-date headlines, internship/ job opportunities and study abroad programs. Follow us on our Website, Facebook, Instagram and Twitter.

AAS219 K-POP AND ITS GLOBAL CULTURE INFLUENCE

SQ2020 T/Th 4:20-5:50PM LPC

This course examines the increasing visibility and global dissemination of Korean popular culture (K-pop). Students will learn controversial topics around global culture and cultivate their global sense beyond Euro-American perspectives by working both individually and in groups on a series of projects designed to further their understanding of Korean pop culture and its ramification in the global digital era.

The Interview Project

It was our honor to have Prof. Curt Hansman, Prof. Laura Kina and a senior student Ross Nelson shared with us about their involvement and experience with GLAS. Check out these interviews from our website: globalasianstudies.depaul.edu under *Student Spotlight* and *Faculty Spotlight*.

Fun Fact about Asia

THE SMALLEST COUNTRY IN ASIA

The Maldives occupies the southern part of Asia, and it constitutes 26 atolls in the Indian Ocean. Its area is approximately 116 square miles, while the population is about 427,756. This territory has been subdivided into 21 administrative atolls, each of which is governed by an elected Atoll Council. Its administrative division oversees the activities of the capital Malé. The Maldives prides in a rich marine ecosystem which ranges from the shallow coast, fringing mangroves, deep sea, and reef ecosystems. Also present are 187 species of coral reefs and coral, 21 species of dolphins and whales, 1100 species of fish, 83 species of echinoderms, and 5 species of sea turtle. This ecosystem sustains a vibrant tourism industry.
