

DEPAUL UNIVERSITY

**18th Annual
Student History
Conference 2022**

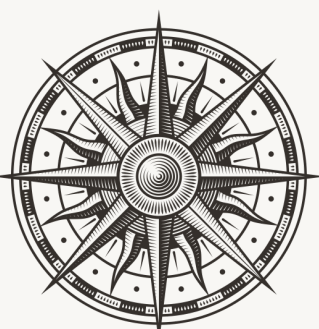

About The Student History Conference

Now in its eighteenth year, the Student History Conference began at the initiative of Dan Goffman (then chair) and the History Department as a way to provide majors, minors, and graduate students with the opportunity to present their research to their peers and professors in a formal setting. The idea was to emulate, on a smaller scale, the kind of conferences at which practicing scholars present their ideas and the results of their studies.

Faculty encourage their students to submit their papers, support them by working with them on revisions, then serve as judges for selection to conference panels, and choose the best papers for recognition.

The conference has been successful in encouraging best practices in archival research and historiography, promoting and showcasing student work, and fulfilling the university's mission to provide opportunities for faculty mentorship of students and involve students with opportunities to “create” knowledge.

The conference has averaged more than thirty student papers annually over the years. The department was concerned that students would not submit their papers given the global pandemic. But even after more than two years of dealing with the challenges of the pandemic, students have continued to embrace the opportunity to participate in this year's conference, albeit once again remotely via Zoom. More than anything, their efforts show their commitment to the discipline and their dedication to the field of history.

A Message From The Chair

Welcome to the eighteenth annual Student History Conference, the third to come to you virtually.

Regardless of modality, this conference has been and remains a special event in our department's annual calendar. It brings together students, faculty, staff, friends, and families to recognize the achievements of our students- the next generation of historians. Their papers come from a variety of courses taught by a diverse cohort of instructors. We also welcome our outstanding keynote speaker, Professor Jacob Steere-Williams from the College of Charleston, presenting a talk on a very relevant topic for these times. This conference is truly a fitting and celebratory end to our co-curricular activities for the academic year.

I would like to thank Professor Julia Woesthoff, conference coordinator, and Professor Lisa Sigel, the chair of our Community Building, Recruitment and Outreach Committee, for their hard work to bring this event to fruition. I would also like to thank department assistant Onie Green-Givens and our student assistants, Annie Simon and Juan Ugarte, for all that they have done in preparation for today.

And finally, thanks to all who are on our screens today.

Professor of History and Chair
Department of History
Warren Schultz

Conference Schedule

9:00 First Panel

10:30 Second Panel

12:00 Alumni Panel

1:15 Third Panel

3:00 Conference Awards

4:00 Keynote Lecture

Contact shc2022dpu@gmail.com with any questions or concerns

First Panel Session 9:00 AM

DePaul's Response to Student Radicalism

<https://depaul.zoom.us/j/99476649758>

Chair: Professor Ana Schaposchnik

- Grace Archer- "What Must Be Done?"
- Natalie Bierdz- "Thank You, Peanut Gallery: DePaul Student Activism Culture in the Late 1960s"
- Adam Wang- "DePaul University's Response to Black Campus Activism in 1968 and 1969"

South Asian History <https://depaul.zoom.us/j/93635361337>

Chair: Professor Rajit Mazumder
