About

During my final term at DePaul University's Public Administration program, I had the opportunity to begin a career as an Assistant Planner with the Chicago Metropolitan Agency for Planning. At CMAP, I am

responsible for implementing the ONTO2050 Regional Comprehensive Plan by building grant administration capacity and updating zoning ordinances in local communities throughout the region.

Notable memory

During my time at DePaul, Chaddick provided me with many positive experiences, but study trips to Milwaukee and around the City of Chicago were some of my favorites. In addition, virtual happy hours during the COVID-19 pandemic provided much-needed social time with classmates and friends.
