

## Janson Busby

### **Hometown**

South Carolina

### **Recent Positions Include**

Geospatial Data Analyst: DePaul Geography Department

### **About**

Janson is currently enrolled in the Sustainable Urban Development program at DePaul. He is most interested in the relationship between technology and

the built environment. In his free time, Janson is an avid traveler and loves exploring everything Chicago has to offer.

### **Notable memory**

Janson's favorite part about being a Chaddick Scholar was touring the grassroots programs happening all over Chicago neighborhoods and making connections with like-minded students from various programs across DePaul.
